

ORDUÑA HAS A STORY TO TELL,

and you can hear it
at your own pace!

WHY NOT VISIT
OUR CITY AT YOUR
OWN RHYTHM,
INDEPENDENTLY,
WITH AN

audiotour

In this guide we present the layout of the route in which you will find the numbered plates that will indicate where to stand, then just press the relevant number on the handset for each one.

You can do it in two ways: One is renting the audio players at the tourist office, for which it is recommended that you book beforehand to ensure that the handsets you need are available for your visit. The other way is autonomously, downloading the audio from any mobile device of your own: www.ordunaturismo.com/enjoy/an-historical-land

*"Ongi etorri!
I would love to tell
you all about myself..."*

So begins the **audiotour**.

Orduña will tell you all about its most important sites, and during the tour it will talk about its history and its people, setting the stage for life here as it once was.
